RE: Atlas Minerals Contract  
Conditions for Final Approval  
Response Deadline  
ACT/037/051, General File

Dear Mr. Blubaugh:

This letter is to serve as a reminder that the Division is expecting the submittal of all information regarding the conditions of Atlas Minerals Corporation's final contract approval which were detailed in the Division's January 28, 1983 letter, a copy of which is enclosed. The Division is in agreement that because no beginning date was ever affixed to the contract when it was signed, the sixty day response period indicated in the enclosed letter began on July 28, 1983. Your agreement with this schedule noted in a telephone conversation with Tom Tetting on September 9, 1983, places a deadline of September 27, 1983 for Atlas Minerals Corporation's response. Condition number 7 of the list has already been resolved having been adequately answered in Atlas' March 17, 1983 letter to the Division.

Your timely response is appreciated and as always, please feel free to call with any questions.

Sincerely,
